January 5, 2011

Ms. Karen Harding
Washington School District
1000 Central Dr.
Anapah, AZ 85501

Dear Ms. Karen Harding:

I am pleased to present my resume to you for consideration as an educator with the Washington School District. I am currently a senior at Southeastern State University and will graduate in May of 2011 with a Bachelor of Arts degree in Elementary Education. Upon graduation, I will be certified in Arizona for grades K-6 and have an endorsement to teach middle school mathematics and ESOL.

I recently completed my student teaching Science/Social Studies block with a kindergarten class at Lincoln Elementary in the Roosevelt School District. I was certainly inspired by the progress and enthusiasm of the students in the time that I spent with them. I also had the opportunity to student teach in third grade at Lincoln Elementary in the Roosevelt School District. The majority of my experience, however, has come through working at Allen Elementary School in the Roosevelt School District. I thoroughly enjoyed the freedom I was given as a special education paraprofessional during my four years of employment at Allen. Not only did it give me an opportunity to pay for my schooling, but it was also a challenging environment with high levels of students receiving free and reduced lunches, as well as a student body that was for the large part bilingual. While researching your district I have noticed numerous schools with demographics that clearly resemble the environment I have grown to love at Allen.

I have attached my resume and would welcome the opportunity to meet with you to further discuss why I believe I would be a great addition to the Washington community. I invite you to contact me at (555) 555-0135 or by email at dora.jordan@gmail.com at your earliest convenience. Thank you for your time and consideration.

Sincerely,

Grade 7 Reading Training Text Text-To-Braille Answer Key

Room to Move / Moving Day

Passage 1: Room to Move

1. Katie followed Ginny through the empty house. It was hard to believe that just two days ago it had been filled with so many boxes they could barely move around. Ginny led the way into her old room, which looked enormous without all its furniture, and stopped at the window. "I'm going to miss you, tree!" she shouted at the oak in the backyard.
2. "But you won't miss sharing your room with your little sister," Katie told her friend, trying not to let Ginny see how sad she was.
3. "That's right!" Ginny exclaimed. "I'll have my own room! That's going to be the best part about moving. Of course, learning to surf and going to luaus and hanging out on the beach whenever I want will be pretty great, too."
4. Katie tried to think of something cheerful to say, and managed, "Your going-away party last night was fun."
5. "It really was," Ginny agreed, "but I'm glad you came by today. I wasn't sure if you would."
6. "That was a goodbye for everyone," Katie said. "I couldn't let my best friend move across the country—and the ocean—without seeing her off. Besides, I'll have to watch you actually drive away before I believe it's real."
7. The two girls looked away from each other. Silently, they left the house and walked to the backyard, where they climbed the old oak tree. It had been their favorite hangout spot for years.
8. "Katie, don't be mad," Ginny said. "I really am going to miss you. I just can't stop thinking about the fact that I actually get to live in Hawaii . . . I've always wanted to visit, and now I get to stay. But we'll still talk to each other. My dad promised to order Internet access as soon as we get there so we can e-mail each other within a couple of weeks."
9. Katie blinked back her tears. She really was happy for Ginny, but that didn't stop the knot in her stomach from tightening every time she thought about Ginny leaving. Especially since it had happened so quickly. It was just a month ago that Ginny's dad received the promotion that was taking their family to Hawaii. Katie had tried since then to be enthusiastic for her friend, but it got harder every day.
10. "Hey, don't be so sad," Ginny told her. "Hawaii won't be completely perfect—my dad says they still have school in paradise."
